Since 1894, when a young Teddy Roosevelt and other reformers founded the organization, the National Civic League has been at the forefront of efforts to make local governments more open, accountable and effective.

The mission of the National Civic League is to advance good governance and civic engagement to create inclusive, thriving communities.

We achieve this by inspiring, supporting and recognizing equitable approaches to community decision-making. NCL applies civic engagement principles through four key programs: Racial Equity and Healing, Education and Youth, Environmental Sustainability and Health Equity.

Sustaining Members are critical investors in NCL's work, donating \$2,500 or more to help us strengthen governance and civic engagement across the nation. By becoming a *Sustaining Member* of NCL you are helping to support our efforts on such critical issues as: racial equity, environmental sustainability, youth success, and health equity.

Membership Benefits

In addition to supporting NCL's important work, *Sustaining Members* receive valuable membership benefits including:

- **Recognition in the National Civic Review.** We will recognize your support on the inside cover of our quarterly journal for a year.
- **Recognition on our website and in our monthly e-newsletter and social media,** which reach approximately 10,000 readers
- **Free NCL staff consultations on matters related to civic engagement**
- **15% discount on NCL's strategic planning fees**
- **Access to All-America City Promising Practice Database:** an online, searchable database of 450+ projects from more than 180 communities
- **Free copies of NCL publications:** including the *Model City Charter*, *National Civic Review* and *Civic Index*
- **Permission to use our logo on your site** identifying you or your group as a *Sustaining Member* of National Civic League.
- **Opportunity to participate** in our monthly All-America Innovations conference calls, which feature speakers from cities implementing creative strategies for civic engagement.
